American State Primary

September 19, 1978

Due to the fact that nominations papers were not filed by any candidate for any office in the American Party, there were no names printed on the State Primary ballot.

In a total of 270 cities and towns in the Commonwealth, there were no votes cast on the American Party ballots.

The following pages will show the number of write-in votes that were cast in each office and the total number of ballots that were cast in 42 communities in the Commonwealth.

In order to determine the number of blanks for each office, subtract the number of write-in votes from the total number of ballots cast.

Question No. 1

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on May 28, 1975, by a vote of 220-53, and on September 7, 1977, by a vote of 243-20?

SUMMARY

The proposed constitutional amendment would permit the legislature to establish as many as four different classes of real property for tax purposes. Property in any one class would be required to be assessed, rated and taxed proportionately but property in different classes could be assessed, rated and taxed differently. The legislature could grant reasonable exemptions. The constitution presently requires all property (other than wild lands, forest lands and certain agricultural and horticultural lands) to be assessed and rated equally at full value for tax purposes.

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on May 26, 1976, by a vote of 266-0, and on August 10, 1977, by a vote of 258-0?

SUMMARY

The proposed constitutional amendment would require that in the taking of the state census, residence be determined in accordance with the standards used by the United States when taking the federal census. Under the federal standards, residence is based upon where a person spends most of his or her time whereas under present state standards residence is based upon legal domicile. The standards would be subject to any exceptions which the legislature might enact.

Question No. 7

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 11, 1976, by a vote of 248-5, and on May 24, 1978, by a vote of 257-0?

SUMMARY

The proposed constitutional amendment would give the legislature the power to establish a different method of property taxation for land which is used for recreational purposes and for land preserved in its natural state. It would add these two categories to the existing constitutional provision which allows the legislature to tax wild and forest land differently. The amendment's stated purpose is to develop and conserve natural resources and the environmental benefits of recreational land.

P.D. 43—ELECTION STATISTICS FOR 1979

This booklet contains information about local elections and special state elections held in 1979. It lists the dates of the city and town elections, the number of people registered to vote in each precinct of each community, and the number of people who voted in the local election. It does not include the number of votes each candidate received.

In odd-numbered years like 1979, *Election Statistics* also provides detailed results of special state elections which were held to fill vacancies. This year there was one of these elections.

This 1979 booklet also includes a list of mayors and their terms and city managers of the cities, and a list of the kinds of local elections held by each city and town in the Commonwealth. This year for the first time it will include a list of new mayors elected in November, 1979. It does not include lists of city and town clerks and election commissioners and of selectmen, but these are available from the Elections Division. Names of other local officials are available from the local clerks.

P.D. 43 in even-numbered years is a larger volume, which gives the results of state primaries and elections for all candidates and questions on the ballot as well as information on local elections.
